

NEOCHEMA

CERTIFICATE

STD. Number : 15900-0230	Date : 09.08.2010
Product name : Atrazine	Lot number : 0809101
CAS-Number : [1912-24-9]	Expiry date : 02/2012 *)
	Storage : 20 °C and dark

General data:

Physical data:

Purity : 99,0 %	Mol. weight : 215,68
Weight : 10,1 mg	Formula : C ₈ H ₁₄ ClN ₅
Concentration : 10 µg/ml (± 0,5%)	
Quantity : 10 ml	
Solvent : Acetonitrile	

The upper product information are taken from literature. The analytical data result from repeated determinations.

*) Remark:

The expiry date is based on the current knowledge for individual solutions of each compound and holds only for stated storage conditions in the originally closed flasks. For any variations of concentrations because of interactions between compounds in mixes no liability can be assumed.
